

INTRODUCTION

Partnership Nepal is an autonomous, Non profit making, Non-Governmental Organization (NGO) in Nepal established in 2003 by the enthusiastic, dedicated, committed and professionals who have been actively participating and advocating for Peacebuilding, Self-government, Democratization and Human Rights Advocacy in Nepal, since long back.

Partnership Nepal is registered organization at the District Administration Office (DAO)/Government of Nepal in Katmandu and also affiliated with the Social Welfare Council (SWC)/GoN.

Partnership Nepal works in partnership with various like-minded local, national and international civil society organizations, particularly those involved in the empowerment of people through the programs such as: self-government, democratic process, human rights advocacy and peacebuilding.

VISION

Nepalese people having respected and progressive lives embraced by Peace, Human Rights, Self-government and Democracy.

MISSION

Improve the lives of Nepalese people, particularly women, youth, children and deprived and socially excluded people by striving to

educate them and uplift their socio-economic, cultural and political status.

OBJECTIVES

- To empower the backward people, in terms of development of the society, and assist them to increase their participation and ownership in the local and national policies and programs.

- To implement people's strategic development programs from right-based perspective aimed at improving their socio-economic status in rural areas.
- To facilitate in activating local participation for the institutional development of Democracy, Peace and Human Rights.
- To build the partnership linkages with the like-minded governmental and non-governmental organizations.
- To advocate and ensure human rights by influencing national and international laws,

various international conventions of human rights.

- To respond the victims of natural or man-made disasters for immediate and long-lasting relief.
- To identify the innovative issues of peace, human rights and democratic process and conduct research to support the various policies and programs by advocacy and publication.
